

Clean-Up Campaign Starts Next Week

WOOL GROWERS MEET IN LACOMBE

EASTERN OFFICIALS REVIEW WOOL OUTLOOK BEFORE LOCAL SHEEPMEN

A directors' meeting of the Central Alberta Wool Growers' Association was held in the office of the secretary, D. F. Chisholm, Lacombe, on April 22, which was called to meet Messrs. A. A. MacMillan, Department of Agriculture, Ottawa, and W. H. Tisdale, assistant manager of Wool Growers, Toronto, and receive a message from them on the outlook for sheep and wool during the year 1936.

Mr. MacMillan addressed the meeting, giving much useful and interesting information regarding the movement of western range lands to the east for finishing, the increased demand for properly finished fresh killed Canadian lamb and the large place now taken by western lamb in the meat trade during the period when the supply of fresh milk-fed lambs is not available.

Tisdale's address was:

"With the return of better and more normal prices for both wool and lambs, I find the sheepmen of Western Canada in decidedly better spirits despite the long severe winter and lengthy feeding period just experienced." W. H. Tisdale of the Canadian Co-operative Wool Growers' Association, Toronto, said.

The Southern Alberta wool clip for 1935, at least that large proportion which was handled through the local association, showed an infinitely better return than for the previous year. Final settlement details (Continued On Page Five)

Plans Are Proceeding For Packing Plant

Her Husband Safe

Mr. Alfred Scadding of Toronto, assured that his husband was safe in the cave-in at Moose River mine, prepared to leave immediately for the rescue scene. Illness of her baby daughter had prevented her from travelling earlier.

That the enlarged packing plant for Lacombe, which has been contemplated for several weeks past, will soon be accomplished, was the information conveyed to The Western Globe by President R. G. Reid, who in an interview stated, "That the Lacombe Packers Limited, which was incorporated under the Companies Act of the Province of Alberta on April 8 last, has secured an option on the A. Gilmour abattoir."

"As the people of the Lacombe district know, the intention is to improve the plant so successfully that it will be able to handle conditions, that Dominion inspection can be secured. In other words, a packing plant, though small, still large enough to meet competition."

Added Payroll

"To the town of Lacombe it means an added payroll, and more than that, an inducement for farmers, who perhaps now are doing most of their business elsewhere, to come to 'town' to check up on the killing of their animals, to study the results of their individual feeding methods and types of animals—in other words, to compare. There is a great possibility there for the merchants of Lacombe. That the farmers will come, experience has taught us. They are interested in their business."

"There is an idea prevalent that it is impossible for a small plant to compete successfully with the large corporations, despite the fact that several of those that now could be considered large were started in a very small way."

"It is also the case that there are several small businesses of this nature being carried on in the province successfully at the present time."

Plants in Operation

"In 1932 there were 141 plants in operation in the province, with a capitalization of over 53 million dollars, or an average of some \$370,000 each. When we consider the large sums that we know of where the capitalization runs into millions, it can be readily seen that there must be a considerable number of small plants of this nature."

"The advantages that are to be derived from a local plant are so great that they need scarcely be elaborated. At the same time, it should be borne in mind that one of the great benefits would be the lessening of the loss of livestock from bruising and other causes."

"With the advent of this industry to the district, the benefit should be made to all concerned, stockmen in the country and business men in the town, and provide an opportunity for investment which should not be overlooked," concluded Mr. Reid.

A local office will be opened in the near future.

CULPRIT ARRESTED BY LOCAL POLICE

STEALS MONEY FROM MAN WHO FED AND GAVE HIM WORK

Some clever work on the part of the Lacombe police last week-end resulted in the arrest of Robert Kirk, 19 years of age, from Manitoba. Man, for the theft of \$24 in cash, which he stole out of the bill in the Massey-Harris warehouse at Red Deer, of which George M. Thompson is the proprietor. So loved the Kirk came to Red Deer three weeks ago from Manitoba, jobless and broke. He was befriended by Thompson, who fed him and gave him work. When the money was found to be missing, the accused was questioned by the Red Deer police and he denied any knowledge of the affair. He later confessed, leaving for Edmonton, and on word received from the Red Deer police, was located and picked up by Constable R. Warrior in Lacombe. He again denied any knowledge of the theft but was taken to the police station and searched. Twelve dollars of the stolen money was found sewn in the cuff of his shirt, and when questioned as to how it came there, he replied: "I know nothing about it, as I got the shirt from my laundry in Red Deer." Further searching, however, revealed another \$22 sewn in the lining of his pants and when confronted with this he remarked to Constable Warrior: "I guess you got me, chief, and then confessed to stealing the money."

He was arraigned before Magistrate E. H. Jones at Red Deer on Friday last, who committed him to the Lacombe Jail, where he is now held, "despicable act in hitting the head that fed him" and sentenced Kirk to three years' imprisonment in the Prince Albert penitentiary.

Hollick-Kenyon Welcomed Home

Lt. Herbert Hollick-Kenyon, famous Canadian flier, gets this acclimatization from his wife as he arrives in New York on the yacht expedition, Lt. Hollick-Kenyon was at one time given up for lost when his expedition airplane was forced down on the frozen mainland, near the Little America. Both he and Lincoln Ellsworth, who was with him in the airplane, were rescued many days later.

JUNIOR BOARD OF TRADE SPONSORS WORTHY EFFORT

SUCCESS ASSURED WITH CO-OPERATION OF TOWNSPEOPLE

The Lacombe Junior Board of Trade is sponsoring a Clean-Up Campaign during the week of May 4 to 9.

"Yes," you may say, "we've seen clean-ups before—every year."

But the Junior Board is not confining its activities to the old orthodox system of creating a little publicity and then gradually fading out of the picture, leaving all the active work to the citizens themselves. They are embarking, in a spirit of earnestness and sincerity, on a new and radical course which they believe will be extremely beneficial, not only to the town as a whole, but to each individual citizen.

As every householder knows, the town annually collects and disposes of tin cans and other material, but it is the responsibility of each householder to make arrangements for the disposal of his ashes and garbage. Unfortunately, this garbage collection is always being regarded as a haphazard manner, without any organization.

Large quantities of this lack of organization, ashes, have accumulated for a number of years on some properties, and even in the case of those property owners who have had their ashes hauled away regularly, this was done at any time during the summer. As a result, the town has never at any time been free of an accumulation of refuse.

Service At Reduced Cost

This year, the Junior Board of Trade is endeavoring, through organizing the collection of ashes and refuse, to make this service available to the public at a reduced cost, and to make a more thorough job by cleaning up the entire town in one week.

This week every householder and business proprietor in Lacombe will be approached by a member of the Junior Board, to ask for his participation and co-operation in the clean-up. The committee in charge has divided the town into sections, with one member responsible for each section. An agreement has been reached with the city council, whereby the latter will haul all ashes and garbage at the rate of 75 cents per load (the charge in the past has been \$1 per load), and a new committee will collect the money and have it ready to apportion to the draymen upon completion of their part of the work. The money provided the ashes are piled in the lane.

There is only one way in which to undertake the collection of the money. First, each householder will be approached, in order to secure his co-operation. If he has not made a previous agreement for the hauling of his refuse, and wishes to take advantage of this offer, the drayman will collect his garbage, and the householder or business owner will be charged 75¢ per load, to be paid to the member of the Junior Board in charge of that particular section.

Members to Clear Lanes

During the Clean-Up Week, May 4-9, every person in Lacombe is urged to make a special effort to make his property look its very best and to have ashes and garbage piled in the lane, so that it may be readily picked up. The members of the Junior Board will clean up vacant lots, lanes and roadways and deposit the accumulated material in neat piles convenient for the draymen, thus saving time and expense.

Accumulations of ashes, leaves, papers and garbage are not only unsightly, but also extremely unsanitary. Lacombe has always been known as a clean and healthful town and it is up to the citizens to see that it retains this reputation.

The Junior Board of Trade has undertaken a large order, which cannot be filled without the support of the town as a whole, and the active co-operation of every individual citizen, and they appeal to the citizens of Lacombe to do everything possible to make our town—which we ought to have something to do with—we are all justly proud—an even better place to live.

Bentley

BENTLEY.—Mr. and Mrs. Glen Wright were in Calgary for a few days the latter part of last week.

Mrs. Robert of Calgary, the guest of her daughter, Mrs. M. S. Withers, and family.

Mr. and Mrs. Cecil Suggett and Mr. Roy Bacon and Mr. Suggett's aunt, Mrs. Dekker of Vancouver, who is visiting her sister, Mrs. Suggett, Sr., motored to Edmonton on Wednesday last, returning on Sunday.

Mrs. Birdie Storie is down from Edmonton, the guest of her father, Mr. D. Storie.

Mr. Burger Johansson left last week for a couple of weeks' visit with relatives at Vancouver. While there he will attend the wedding of his niece, Miss Gudrun Abrahamson.

Miss Jennie Young was a week-end visitor with relatives in Calgary.

A large crowd was in attendance at the home of Mrs. Olga Johnson of Sunset District on Sunday afternoon; April 26, when a shower was held in honor of Mrs. Johnson's daughter, Mrs. Alfred Anderson, a recent bride of this district, who was the recipient of many lovely gifts. Following the presentation of the gifts lunch was served.

We understand that Mr. Budd Darnon has sold his farm to Mr. Goresky of Rimbey district and is giving possession at once. He held an auction sale on Wednesday and expects to take up residence in the village at his cottage on Vickerson Avenue.

Births at the Bentley Hospital during the past week were as follows: To Mr. and Mrs. Carl Rabin (nee Ethel Peterson), on Friday, April 24, a son; to Mr. and Mrs. Ed Bentman, Forshee, Saturday, April 25, a daughter; to Mr. and Mrs. Irvin Harris, Bonoka, Sunday, April 26, a daughter.

Amateur Night Comes To Lacombe Night of May 13

Local Merchants Combine in Co-Sponsorship of Novel Idea; Bert Cairns, GJCA Staff Announcer as M.C. in Avalon Theatre; Winner To Be Sent to Edmonton to Compete in Finals.

Following the sensational success that has attended the first few of GJCA's Northern Alberta Amateur broadcasts, Lacombe merchants announce that they have completed arrangements for a similar broadcast, which will take place on the stage of the Avalon Theatre, Lacombe, the night of May 13. At that time the pick of talent and around Lacombe will be presented to the audience of the air via GJCA, and from the sets appearing on stage, must be chosen to proceed to Edmonton for the finals from the stage of the Capitol Theatre, sometime during the latter part of June or early in July.

In the half-hour broadcast period, only eight acts at most can appear; accordingly, some method had to be devised to select the eight most promising artists for the air-wave show. An elimination night has been arranged for Monday, May 11, from the various contestants that appear that night at the Avalon theatre, the fortunate eight that will broadcast will be chosen. So that various acts is obtainable, entry forms have been made out and must be secured before entry can be made. They are being given away in Lacombe by the Norman Campbell Department Store; the Owl Economy Store; Morrison & Johnston Ltd.; Adelphi Hotel; Cox's Barber Shop and Beauty Parlor; Laird Motors, Chevrolet and Oldsmobile dealers. These are the Lacombe business houses that have continued to make this broadcast possible and they deserve hearty congratulations.

Bert Cairns, popular staff announcer at Edmonton's thousand-watt Capitol Theatre, Edmonton, will be in Lacombe on the night of May 13 to act as master of ceremonies and generally conduct the broadcast in his own inimitable manner. He will be accompanied by Hastings "Red" McMahon, technical director of GJCA, who will supervise the complicated process of handling controls while the program is on the air. Only the very latest type of microphones and remote control equipment will be in use, thus assuring the best possible results.

Added Payroll

"To the town of Lacombe it means an added payroll, and more than that, an inducement for farmers, who perhaps now are doing most of their business elsewhere, to come to 'town' to check up on the killing of their animals, to study the results of their individual feeding methods and types of animals—in other words, to compare. There is a great possibility there for the merchants of Lacombe. That the farmers will come, experience has taught us. They are interested in their business."

RECEPTION HELD FOR CAST OF CHURCH PLAY

On Tuesday evening, the members of the cast of "God So Loved the World" met at the home of Mrs. Henry-Lewis when games were enjoyed and refreshments served. Taisman roses captured the most appointed table, while mauve sweet peas and pink snapdragons lent a summer-like touch to the living room. The flowers were given in appreciation to Mrs. Henry-Lewis from the cast. Those present were Misses Doris Stevens, Patricia Henry-Lewis, Phoebe Brewer, Dorothy Rice, Audrey Sowerby, Jean Southward, Thea Brewer, Ruth Graydon, Edna Beyer, Dorothy Fletcher, Cassie Butlin, Myrtle Brewer, Basil Godfrey, Arthur Brewer, Donald Witte, Jack Butlin and Dick Brewer.

SOLDIER SETTLERS' UNION

Members and all Soldier and Empire Settlers are again reminded of the necessity of attending the meeting of the Lacombe Local of the S.S.U. on Saturday night next, May 2nd.

Government to Institute Motor Patrols

MORE EMPLOYEES DISCHARGED; RELIEF STAFF REDUCED.

By T. B. WINDROSS

EDMONTON, Alta.—It is sometimes hard to get the real story from what appears in the daily press and this week contradictory stories appeared in Edmonton and Calgary newspapers concerning an alleged plan of the government's to pay for a large part of the work on the new road program this summer by Social Credit script. The publication of this report in an Edmonton newspaper brought emphatic

Government to Institute Motor Patrols

denials from Hon. W. A. Fallow, who declared the whole story was "hoax" and "fabricated of fantastic ideas."

He said there has not been any such plan under consideration by the government and no plan for it was in existence so far as he knew. "It is beyond me where they got such a story," Mr. Fallow told the writer.

He made it quite clear that the program for expenditure of at least \$2,000,000 authorized in the estimates will be carried out on a cash basis. There is no intention of making this road program a beginning of a Social Credit scheme.

Around The Town

Rev. R. B. Layton left on Monday for Toronto, where he will attend a conference of the Missionary and Maintenance Committee of the United Church. He will be away for ten days.

Mrs. J. H. W. Moore returned from Vancouver over the week-end where she visited with friends for three weeks.

Mr. and Mrs. A. Gilmour returned last Monday from Vancouver and Victoria, where they spent two weeks.

Mrs. R. M. MacKenzie spent last week-end in Calgary.

An important meeting of the Men's Club will be held on Tuesday night next in the Church Hall at the usual time. All members are urged to be present.

Mrs. H. D. Laird and Joan visited with Mrs. Laird's brother and sister-in-law, Mr. and Mrs. C. M. Bleken, in Calgary for a few days.

T. Wilks was a visitor to Calgary for a few days during the past week.

The many friends of Perry W. Pratt will be pleased to learn he is making splendid progress towards recovery from his serious illness.

Your attention is directed to Page Three of this issue, which contains an advertisement of the Junior Board of Trade.

The cantata, "Friendships of the Bible," will be presented by the chorus of Canadian Junior College in the College Auditorium May 3 at 8:45 p.m. All welcome. Silver tickets, 25c each. 50c.

Jun Shaw and Alec Penman were visitors to Calgary over the week-end. Mr. Penman visited with his mother, who was in Calgary from Bellevue, Alta.

Mrs. F. Walker of Monitor was a guest of her mother, Mrs. E. Carruthers, during the past week-end.

Owing to numerous requests, the St. Cyprian's Girls' Branch of the W.A. will again present the miracle play, "God So Loved the World." This production will be put on under the auspices of St. Andrew's United Church Choir at the United Church on May 7, 8:15 p.m. Admission programs, 25c each. 50c.

Mrs. J. L. Bolton (nee Margaret McFadden) is visiting her mother, Mrs. A. H. McFadden. Her husband, Mr. Bolton, has recently obtained a position with the Dominion government of Swift Current. He was formerly on the staff of the Lacombe Experimental Station.

Mrs. F. Walker of Monitor was a guest of her mother, Mrs. E. Carruthers, during the past week-end.

Arrested for Vagrancy

A Donald Armour was arrested on Tuesday morning by Constable Warrior, who found him loafing around a back lane in the early hours. He refused to give a satisfactory account of himself and told the constable in not very complimentary language to mind his own business, which he did. The result was, he was arraigned before Magistrate E. H. Jones and sentenced to 30 days' imprisonment.

Mutual Telephone Companies Increase

In 1938 the Alberta Government Telephone decided to sell their rural districts and have increased in use in similar districts throughout the province. Negotiations have been carried on since that time by a government official and many meetings have been held, at which proposals to farmers have been made, and in nearly all instances, the latter decided to organize their separate local company.

So successful has this been that only two circuits now remain under government ownership on the Lacombe exchange, and these with ten subscribers only. During the past three months the Alberta Government Telephone has disposed of the following rural telephone companies, which show a considerable increase in the number of telephones in use:

On Feb. 1 the Lincoln Company purchased two additional circuits, Nos. 20 and 40, increasing the number of subscribers from nine to fifteen, and will make further increases as soon as weather conditions permit to set poles.

The College Heights Company was formed Mar. 1, taking over Circuit 45, increasing from five to seven subscribers.

The Banana Hill Company, formed April 1, took over Circuits R32 and R33, increasing from four subscribers to fifteen.

The River Bend Company, formed April 1, took over Circuits 3, 6, 16 and 37 in the Joffre and Prentiss districts and have increased from 23 subscribers to 35, with 16 telephones to be installed as soon as weather and roads permit.

This Week's Thought

The style shows the man. Whether in speaking or writing, a gentleman is always known by his style.

Rimbey

RIMBEY.—Owing to the bad condition of roads, a Rimbey doctor has traveled with two long planks protruding from his car, which he found most serviceable. In this way he has been able to bridge small washouts.

Uhl, of Chico, California, former Rimbey pioneer, visited here to see relatives and his many acquaintances and attend to his extensive farming interests in Blindman Valley.

Grant Stolee, aged three, son of Mr. and Mrs. S. B. Stolee, was severely bitten by his dog. The animal was destroyed.

"Instead of setting everybody to govern everybody else, each man ought to have something to do with the job of controlling himself."—Clarence Darrow.

Woody Nook

WOODY NOOK. Through the kindness of Dr. Little of the Red Deer Full Time Health Unit, Mr. Cook of the Provincial Department of Public Health will be at Woody Nook schoolhouse on Monday, May 18, at 8 p.m., with a program of moving pictures on health subjects.

These pictures are both interesting and instructive to adults as well as children, so it is hoped that a large audience will turn out. There will be no admission charge.

BRANDED BEEF SALES

The sales of branded beef in Canada for the month of February, 1936, were 3,571,278 pounds. The consistent progress of these sales may be visualized by comparison with the former months of February since the inception of branded beef—866,466 pounds in 1931; 1,448,859 pounds in 1932; 2,299,968 pounds in 1933; 2,778,358 pounds in 1934 and 3,274,855 pounds in 1935.

VIOLATION OF FERTILIZERS ACT

Romeo Oulette, of Ottawa, was found guilty in police court Mar. 30 of selling fertilizer (so-called) contrary to the provisions of Sections 4, 5, 6 and 17 of the Fertilizers Act and was fined \$15 and costs. Oulette sold compost and decomposed material to which he claimed commercial fertilizer had been added and advertised the mixture as fertilizer. An analysis of this mixture made by the Seed Branch, Dominion Department of Agriculture, which administers the Fertilizers Act, showed that it contained 74.9 per cent water, a nitrogen content of only 0.56 per cent, phosphoric acid 0.05 per cent and water soluble potash 0.07 per cent, the last three elements being substantially below the percentages required by the Act. Oulette sold his product for \$20 per ton.

Heroes Among Heroes at Mine

HON. MICHAEL DWYER

HAROLD GORDON

Heroes among heroes are "Mike" Dwyer and Harold Gordon, who showed scant regard for their own lives in the rescue of Dr. Robertson and Alfred Scadding from their prison in the depths of Moose River mine. Though he collapsed once and was warned by physicians several times, Hon. Michael Dwyer, minister of public works in the Nova Scotia cabinet, attired himself in miner's clothes and knelt at the pit head of Reynolds shaft, aiding and directing the rescue work. Harold Gordon, brother of Percy Gordon, Ottawa finance commissioner, who, as one of the reckless dragmen, led on his stalwart Stetson miners to super efforts in clearing a way to the strangled men. Hour after hour, these dragmen clawed, scratched, and dug by hand in the narrow passageway, working until human flesh could stand no more. Then they would be hauled out, revived, only to rush back again into the death pit.

Morningside

MORNINGSIDE.—The Good Cheer Club met at the home of Mrs. Sutherland on Thursday, April 23, and was well attended. Meeting opened by all singing a popular song. After all business was transacted a baby shower was tendered little Shirley Belle Lewis, infant daughter of Mr. and Mrs. Cecil Lewis. The May meeting will be held at the home of Mrs. Norrish.

A very successful whist drive and picnic social was held in the schoolhouse Friday evening under the auspices of the newly organized baseball team. Honors went to Mrs. Jones and Bill Flegal.

We are pleased to welcome to our community Mr. and Mrs. J. Bernick and family, who have moved into the Melrose farm, one mile southeast of Morningside.

Mrs. Fred Jones and her two children, Kathleen and Max, who have spent the winter in Vancouver, returned to Morningside recently.

Donny and Mickey Reddick of Morningside are visiting with their aunt, Mrs. Bernick.

Mrs. J. Bowie and A. C. Bowie attended the wedding of Alex G. Bowie, Gadsby, and Miss Rye Hill of Edmonton, which took place Saturday evening in Edmonton. After a short honeymoon they will reside in Gadsby. They have the best wishes of their many friends in and around Morningside.

C. B. Sutherland of the P.M.H. staff is holidaying at his home here.

"The widespread possession of property is the firm foundation upon which our democracy rests," Cordell Hull.

"The Last Days of Pompeii" Spectacle of Great Conflict

The Avalon Theatre this week presents the historical picture, "The Last Days of Pompeii," brilliantly dramatizing the mad life and fierce splendor of the ancient city up to and during its historic destruction by earthquake and volcanic eruption in the first century A.D.

Depicting the world before the influence of Christ was felt, the story is of a people surrounded by classic beauty and barbaric grandeur and steeped in savage and lustful revelry. Essentially it is a story of conflict—life and death battles, gladiator, against gladiator, slave against slave, man against beast, father against son, virtue against corruption, passion against compassion, and a flaming mountain against a frail city.

While it is the eruption of Vesuvius and the earthquake, with its attendant maelstrom of destruction and panic, that brings the picture to a thundering finish that will not be easily forgotten, it is the conflict, waged ceaselessly throughout, that holds interest at a high tension pitch of excitement. The most sensational conflicts are staged in the giant arena, reproduced authentically for the production. Here it is that the tragic fates of the hosts of men who marched to their destruction so a pleasure mad world should be amused, are thrummingly enacted; and here it is that a man, drunk with wealth and power, frantically and helplessly watches his own son go down fighting, the victim of the cruel butchers who has meted out to the sons of countless others.

Clean-Up, Cheer-Up, Fix-Up after a long cold winter and call at The Lacombe Furniture Store and see the many new Parlor, Dining Room and Kitchen Furnishings.—Adv.

Government to Patrol Highways (Continued from Page One)

cautions before it, but it is likely some action will not be long delayed.

Edmonton men backed by eastern interests have submitted an application to the province for the right to operate a winter road to the mining field. Under the scheme the province would be asked to grant a long term lease to the applicants. The road would greatly help in bringing the trade from this northern mineral area through Edmonton and the road would forestall any similar plan centered at Prince Albert, Sask.

Motor patrols are to be instituted on all Alberta main highways, it was announced by Hon. J. W. Huggill, Attorney General, this week. A squad of R.C.M.P. will be detailed to this work and will operate in autos, with a view to curbing speeding on the roads and infractions of other regulations.

It is likely the cars will be equipped with radios so that emergency calls could be picked up quickly.

Much comment has been made here on the statement by Hon. E. C. Manning at Seattle, Wash., that basic dividends may be paid by the Alberta government within one year. The provincial secretary, who is on his honeymoon, and now in California, is reported to have detailed a big works program financed by public credit.

Several likely citizens have been named as likely to be selected as candidate to carry the Liberal banner in the forthcoming Edmonton by-election, when it takes place. The latest to be mentioned is J. Percy Page, former coach of the world-famous Commercial Grads. It is evident the Liberals want a winner and have no doubt about Percy Page's being such. His record with the Grads is encouraging at least.

Premier Aberhart reached home from the Pacific Coast Sunday and addressed the congregation at the

ARGUES WHEAT POOL WAS JUST VICTIM OF FATE

The Canadian Wheat Pool was the victim of circumstances beyond its own creation or control. This is the conclusion reached by Dr. Harold S. Patton, of the Michigan State College of Agriculture, in a pamphlet entitled "The Canadian Wheat Pool in Prosperity and Depression." The pamphlet has recently been published by the Canadian Wheat Pool.

The chief criticism that may be brought against the Pool, argues Dr. Patton, "is that its leaders failed in the period from 1923 to 1931 to judge the future with greater discernment than the Canadian Grain Trade in general, or the Federal Farm Board in the United States."

In setting its initial payments for the 1929 Pool, and in marketing its stock, the Pool allowed itself to be influenced more by the experience of the past few years and by the purely statistical position, than by an appreciation of an unbalanced international economic situation and of the psychology of the national psychology in European countries. Probably no one could foresee the depth, violence and the duration of the ensuing world depression, admits the author, in which wheat prices in exporting countries were borne down to the lowest levels in trade history, and the general collapse of all values, except that of gold.

Dr. Patton traces the development of the Pool from its origin in 1924 through to its latest period, 1928-1929, when it handled over half the wheat marketed in Western Canada.—Financial Post.

Maple Sugar, Syrup Big Industry In East

The Canadian maple sugar season begins in March. The production of this table delicacy constitutes an industry in four provinces of the Dominion. Fifty thousand farmers are engaged in its operations in early Spring, in Quebec, Ontario, New Brunswick and Nova Scotia. It is estimated by the Forest Service of the Dominion Department of the Interior that 20 to 25 million hard or sugar maple trees are tapped each Spring in these provinces. Formerly the greater part of the sap was made into maple sugar, but more recently, much the greater part has been turned into syrup.

In the season of 1935 the total Canadian production, in terms of maple sugar (using the accepted conversion factor of one gallon of syrup as equal to ten pounds of sugar) was 29,046,650 pounds, according to figures issued by the Dominion Bureau of Statistics. This was a 24 per cent increase over 1934.

Nash "400" and LaFayette sedan bodies in 1936 regular production series are equipped with seat and back cushions so mounted that they may be "tucked up" into a full-width, full-length bed, much as a Pullman berth or section is "made up." When not used for sleeping purposes the interior preserves its conventional detail. For overnight trips and touring this new type of dual-purpose car promotes economy in travel and assures sleeping accommodations wherever night may overtake the motorist. Illustration shows detail of conversion.

A NEW IDEA FOR AUTOMOBILE TOURING

and practically equalled the 1926-35 average. Of the total yield in 1935 Quebec produced 74% per cent and Ontario 24 per cent, the remainder of the output being divided between New Brunswick and Nova Scotia. The value of the 1935 production was \$5,522,420, of which 65 per cent was credited to Quebec and 33 per cent to Ontario; New Brunswick and Nova Scotia reporting one per cent each.

The production of maple syrup in 1935 was reported at 2,250,769 gallons for the Dominion, valued at \$2,782,275. In 1934 maple syrup produced amounted to 1,838,460 gallons, having a value of \$2,464,150. Maple sugar output in 1934 was 4,946,680 pounds, valued at \$576,145 as compared with 6,538,950 pounds valued at \$740,145 in 1935. Of the total production of maple sugar in 1935, Quebec was the source of 5,747,900 pounds, Ontario 561,320 pounds, New Brunswick 135,170 pounds and Nova Scotia 94,570 pounds. Of the maple syrup output, 1,581,600 gallons came from Quebec, 645,519 gallons from Ontario, 12,986 gallons from New Brunswick and 10,684 gallons from Nova Scotia. Of the Nova Scotia total output in 1935, sugar accounted for 47 per cent and syrup for 53 per cent; New Brunswick 51 per cent sugar and 49 per cent syrup; Quebec 27 per cent sugar and 73 per cent syrup.

HOW TO MAKE MILK DESSERTS

Modern scientists who have devoted their energies to the study of food and nutrition agree that milk contributes more to human needs than any other single food and recommend that a child should consume daily about a quart of milk

and an adult about a pint. However that may be, the thrifty housewife takes into consideration the various ways and means of serving this valuable domestic stand-by.

In this respect, she calculates the high food value of a milk pudding, for instance, in relation to its low cost, and she appreciates the fact that most "milk desserts" may be easily and quickly prepared from materials available at all seasons of the year.

Milk Desserts is the title used by the Dairy and Cold Storage Branch for the household bulletin No. 1, issued by the Publicity and Extension Branch of the Dominion Department of Agriculture. Milk desserts is a self-suggestive term emphasizing the nutritive value of these dishes, since it implies that milk is the chief ingredient used, while milk itself has been proven by modern science to be the most indispensable food for the body. In this bulletin there are cooking instructions, plainly written and easily understood, together with numerous recipes under the heading of starch desserts, junket, cereal desserts, custards, moulded milk desserts, souffles and cream and custard pies.

"The Rhineland has been fraught with trouble and conflict ever since Julius Caesar built the famous bridge across the Rhine."—Harry Elmer Barnes.

The World of Fact and Fiction

By "ART"

Recently there passed away at Reston, New Brunswick, an old sea captain (I am unable to ascertain his name), who had witnessed one of the strangest events of sailing ship days, the finding of the brigantine Marie Celeste.

In 1871, as a member of the crew of the British barque Dei Gratia, he was on his ship in the Atlantic Ocean when a brigantine was sighted with the Stars and Stripes at the peak and all sails set. There was an uncanny appearance about the ship, however, for it was heading up and falling off to the wind without, apparently, anyone at the helm, so the master of the Dei Gratia decided to investigate. Coming alongside the crew made her out as the Marie Celeste, but not a soul appeared in sight.

Mooring the Dei Gratia alongside the crew boarded the Marie Celeste, but not a single person could be found. The lifeboats were in their proper places and, emboldened, still smoked in the galley stove. In the forecabin was a table on which rested plates of food and cups filled with tea which was still warm, showing the vessel had been only recently abandoned. The navigation instruments and log were found in the cabin.

Not a thing appeared to be missing except the crew, the captain, his wife and child, who were known to have accompanied him. The pumps were tried and the ship found to be staunch. On the deck the crew of the Dei Gratia found a stained broken cutlass, lying on top of a hatch. It was of the type used by French and English duellists, but its part in the Marie Celeste tragedy has never been discovered.

The master of the Dei Gratia detailed half of his crew to sail the Marie Celeste into Gibraltar, and when the Dei Gratia reached New York each member of the crew received \$700 as salvage money. The sword remained in the possession of the sea captain at Reston and his family now retains it as an heirloom.

The Marie Celeste had been built at Spencer's Island, Nova Scotia, in 1860. She was later sold to an American shipping firm and had cleared from Boston with a cargo of alcohol for the Mediterranean when the strange occurrence related above took place. What became of the crew is still the mystery that it was in 1871.

Russia's Ambitious Farming Plans

The Union of Soviet Republics, formerly known as Russia, having been fortunate in obtaining an excellent wheat crop in 1935, well over a billion bushels, has plans prepared for a record-breaking seeding campaign this year.

The returning power of the sun's rays is now "rolling up the snows of the southern area of the great Russian wheat belt and as fast as fields dry out workers are busily engaged in seeding operations. Farming is fully socialized in the U.S.S.R. now and the central power

has elaborate plans to seed 240,000,000 acres. An idea of the size of this huge acreage can be gained by the knowledge that the number of acres of improved farm land in the Dominion of Canada totals approximately 85,000,000 acres and annually some 50,000,000 acres are seeded to field crops.

The Soviet is planning for a Spring wheat acreage of 60,000,000 and a total grain acreage of 158,000,000 compared with 135,000,000 last year. It is hoped to produce 3,744,000,000 bushels of all kinds of small grains this year, an increase of half a billion over last year.

BETTER BRAN FLAKES

Genuine Bran Flakes to nourish active bodies

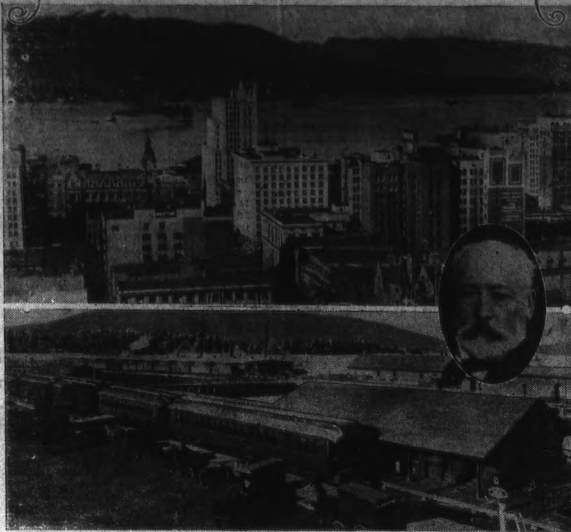

Kellogg's PEP Bran Flakes are the favorite of energetic people. They taste good—the fine, full flavor of toasted wheat. The nourishment and food for busy muscles. The protein. The vitamin B. Plus enough extra bran to be mildly laxative.

PEP Bran Flakes are truly better bran flakes. Better for flavor. For crispness. For nourishment and gentle laxative effect.

Insist on PEP Bran Flakes. Sold by all grocers. Always oven-fresh and ready to eat with milk or cream. Extra delicious with sliced fruit or honey added. Enjoy these better bran flakes often. Breakfast. Lunch. Supper. Wonderful for a between-meal or bedtime snack. Popular with the whole family. Made by Kellogg in London, Ontario.

Kellogg's PEP Bran Flakes

Vancouver's Golden Jubilee

Fifty years ago the first trans-continental Canadian Pacific Railway train from Montreal reached the Pacific Coast. This summer Vancouver, now the Gateway to the Orient and port for ships of the entire world, will celebrate the Golden Jubilee of its founding as the western terminal of the Canadian Pacific Railway. Commencing July 1 with Dominion and International Good Will Week, the programme concludes with the Canada Pacific Exhibition on September 1, and includes land and water sports, several weeks of grand pageantry, musical attractions, visit of American warships, a two-day air show with a solo flight across Canada planned as the highlight, floral decorations, visit of 15,000 Shriners in mid-July, traditional pageantry of an Alderhot tattoo, frontier week street dancing and costume balls, and historical exhibits arranged to illustrate Vancouver's steady progress during the first half century of its existence.

Even before the beginning of the celebration proper, many colorful events will be given recognition, including Empire Day and horticulture show. In May, Pioneer's festival on June 12-14; schools' programme in June; Bachelorette Congress, which will attract thousands, June 11 to 14; golf tournament, King's birthday, and religious dedicatory services.

One of the highlights of Vancouver's celebration will be the re-enacting of the arrival of the first Canadian Pacific train almost half a century ago. The venerable old engine, first to the coast, will be run again, with its original pilot, W. H. Evans, at the throttle. Some of the old-timers who saw the first train arrive will also be present for the ceremony. The Canadian Pacific Railway will run tours at low cost from Eastern Canada to the Pacific Coast for the event, with stop-over privileges at Banff, Springs, Hotel Chateau Lake Louise, and other famous Rocky Mountain resorts.

Pictures show the old and the new Vancouver, and Sir William Van Horne, second president of the Canadian Pacific Railway, who chose the name of Vancouver in 1884 for the western terminal of the first trans-continental railway line.

Quips and Quirks

Two men from New York were examining the exterior of No. 10 Downing Street, and indulging in picturesque but disparaging criticism. Outside stood a car.

"What a place for a Prime Minister!" one of them exclaimed. "And as for that car—what, I reckon it would pass any day for a second-hand hearse."

At this moment a well-groomed man emerged from No. 10, entered the car, and drove off.

"Say, who was that guy?" asked the other American of a policeman standing by.

"The American ambassador," answered the constable.

DIFFERENT ELEVATION

"So, you're a young man with both feet on the ground, eh? What do you do for a living?"

"I take orders from a man with both feet on the desk."

TURNCOAT?

"Coats that can be worn inside out."—Daily Paper.

"No politician should be without one."

ASTONISHED

A little fellow was on a visit to his uncle and grandfather.

"Uncle," he said, after his grandfather had left the room, "how old is grandpa?"

"I couldn't tell you," answered his uncle, "without looking it up in the family Bible."

"My word!" gasped the child, "is he old enough to be mentioned in the Bible?"

THE RETORT COURTEOUS

A young man was escorting his latest young lady out of the theatre. Anxious to make a good impression on her, he held his hat in his hand.

I.O.O.F. Celebrates Anniversary

The 117th anniversary of the founding of Oddfellows was celebrated in Lacombe by a church parade on Sunday last.

Approximately 75 members were in attendance and met at the Lodge Hall, when they marched in regalia to the Baptist Church, where Rev. S. J. Waterman delivered a splendid sermon based on the 13th chapter of Corinthians.

Refreshments were served by members of Lacombe Rebekah Lodge in the lodge rooms following the service. Officers present were Mrs. R. Saunders, Assembly Conductor; R. Saunders, D.D.G.M.; Lacombe, J. Little, D.D.G.M.; Red Deer, George Beavo, D.D.G.M.; Bro. Churchill, D.D.G.M.; and V. C. French, Gr. Sr. Warden, Wetaskiwin. Other lodges represented were Ponoka, Clive, Alx and Mirror.

Soybeans are used in making industrial and food products, such as paint, enamel, varnish, glue, printing ink, rubber substitutes, linoleum, insecticides, plastics, glycerin, flour, soy sauce, breakfast food, candles, chocolate, medicines, livestock feeds, and as an emulsifier in textile dyeing.

The only cars in the low-price fields that offer you the gas-saving Automatic Cruising Gear!

NASH "400" \$1130 AND UP DELIVERED LAFAYETTE \$1025 AND UP DELIVERED

Saves up to 25% in gas, up to 50% in oil • Minimizes engine wear • Gives you an entirely new kind of ride!

The Nash Automatic Cruising Gear! Available to buyers of the lowest-priced cars for the first time, at slight extra cost, on Nash "400" and Lafayette!

The Cruising Gear acts as a "fourth gear." It comes into operation automatically at speeds above 45 miles per hour. Engine revolutions are reduced about one-third. Every moving part runs more slowly. Wear on the motor is reduced to a minimum. And what a difference it makes in the mileage you get from gas and oil!

It gives you additional savings up to 25% in gasoline, up to 50% in oil! See the Nash "400" and Lafayette at the nearest showroom.

SPECIAL TOURING FEATURES! • Sleeping Car—Any Nash "400" or Lafayette sedan instantly converted into a six-foot bed with seat cushions. • Large Luggage Compartment—in every model. • Automatic Cruising Gear—gives 4 to 5 more miles per gallon on cross-country driving. • Ask for a Touring Demonstration.

See touring Nash Ambassador sedan with 12 new features—Automatic Cruising Gear also available at slight extra charge. Asking \$1150 delivered. All prices subject to change without notice. Special equipment extra.

Population Drop Likely to Reduce Idle in Britain

LONDON.—Unemployment in England and Wales may after all correct itself, for the striking fact has just been brought to notice here that Britain's present overpopulation is about to be materially decreased.

This follows from data brought to light in a memorandum by Dr. Enid Charles of the London and Cambridge Service of the London School of Economics. Dr. Charles has prepared tables showing what the population of England and Wales will be at various dates in the next 100 years, according to changes in the prevailing rates of births and deaths.

Maximum in 10 Years

On the reasonable expectation that these rates will remain as at present, Dr. Charles shows that the population will reach its maximum within the next 10 years, the number of the people, which in 1935 was 45,585,000, being 49,875,000 in 1945. After that date diminution will be progressive, the total population in the year 2035 being down to 19,909,000, or less than half what it is today.

This is because for a good many years past the number of children per family has been decreasing.

There are now, for example, only 15 children per 1000 of the population compared with 24 in 1911 and 34 in 1881. This means progressive decrease in the numbers of fathers and mothers of each successive generation.

Increase in Longevity

At the same time, people have tended to live longer and thus the proportion of those of advanced years has grown. In 1921 the number of persons over 45 years of age was 9,624,000. In 1921 it was 11,025,000. This has obscured the fall in

the birthrate, since it has meant more of those people who do not add materially to the numbers of the children.

If these tendencies continue, in particular if families go on growing smaller, the population must decrease even faster. This, Dr. Charles points out, is a contingency that cannot be left out of account. And she shows that supposing the present progressive decrease in the size in families to be maintained, then in 100 years seven-eighths of the population will have disappeared. All that then remained would be 4,266,000 people, or less than half as many as now inhabit London alone.

Former Hotelman Visits Lacombe

Mr. and Mrs. J. G. Connell, for many years residents of Lacombe and now residing at Creston, B.C., have been spending a few days in town while en route home from Edmonton, where they were visiting a son.

Mr. Connell, who formerly conducted the Empress Hotel in Lacombe, is now interested in Creston Mineral Claims, a closed syndicate which is developing a mine on the Goat River. He reports the mine shaft sunk to a depth of 170 feet and encouraging showings.

Though a resident of Alberta for 30 years, Mr. Connell was enthusiastic about the climate in British Columbia's interior and said that Creston had enjoyed a comparatively mild winter.

"YOU'D BETTER GET READY"

MINERS HEAR WORDS OF GRATITUDE

"You men are wonderful," said Mrs. Herman Magill as she turned to the rescue workers digging frantically to extricate her husband, H. R. Magill, Toronto, and Dr. D. E. Robertson and Alfred Scadding, after contact with the entombed men had been made through a diamond drill. The Toronto trio were reported alive and well; later the rescue workers were shocked when the news of Magill's death was shouted up the narrow tube and the mine was reported flooding. Mrs. Magill can be seen as she talks with a begrimed workman at the shaft-head. Dr. Robertson and Scadding were rescued.

Winnipeg Girl Makes Ingenious Living

Florence Robinson, of Winnipeg, found herself out of a job after six years of working for someone else. Instead of walking the streets looking for work she made a job for herself. She opened a bureau, "Information General," just after Christmas. When she started she had just enough money to pay the rent for one month and install two telephones. Now she has as many

as 900 calls a day. Her idea is to give information to anyone who calls. She had small cards printed and put in various places in the city to tell people about it.

Information General will act as an alarm clock. There is a file of persons who wish to be called at various early hours. And at various early hours she calls them.

A business man needn't worry about trying to remember his wife's wedding anniversary or her birthday. Miss Robinson has 40 or 50 on her list. They're supplied her with the dates in their family life they wish to remember. She looks up her life daily, calls the man:

"Mr. Jones, today is your wedding anniversary. Would you like us to buy your gift? Have you thought of what you want to give?" Information General takes care of the rest. The package is delivered, and one more life is happy because her husband remembered her.

Personal shopping for out-of-town folk, or far-away-from-store folk is another service.

Her success depends on her own ingenuity. She's always busy thinking what else she can add to her services. The more ideas she produces the more her job stays.

Where does the profit come from? From advertising combined with the answers.

Soft Ball League Starts

CARDINALS TROUNCE CLERKS IN FIRST GAME

Organization of a five-team Soft Ball League was recently effected, the league to be composed of High School Cardinals, Clerks, Firemen, Alley Cats and Bums. A Penman was chosen president and Allan Carter secretary. According to schedule two games a week will be played, on Tuesdays and Thursdays.

First Game
Behind the eight-hit pitching of Len Roberts, High School Cardinals pounded out 38 hits to take a lopsided margin from the Town Clerks, 30-3, in the first game of the League on Tuesday. Carter (2), Penman and Myles with homers and T. Caruthers with a walk and four hits in five times to bat, led the sluggers in the encounter.

Lineup of Teams
Cardinals — J. Todd, Carruthers, Penman, Carier, Roberts, Lamont, Winters, Gilmore, Wallace.
Clerks — Brooks, Harrington, E. Todd, Myles, Martin, S. Todd, Chapman, Ross, Webster.

Score by Innings
R. H. C.
Cardinals.....110 100 0—3 3
Batteries: E. Todd, Martin and Ross, Myles, Roberts and Gilmore.

An All-Star team is open for games with surrounding towns.

League Schedule
April 30—Bums vs. Firemen.

May 1—High School vs. Alley Cats.
7—Bums vs. Clerks.
12—Firemen vs. Alley Cats.
14—High School vs. Bums.
18—Clerks vs. Firemen.
21—Alley Cats vs. Bums.
26—High School vs. Firemen.
28—Clerks vs. Alley Cats.

Wool Growers Meet in Lacombe

(Continued From Page One)

with cheques reached all shippers during December, 1935, and just recently it has been our happy privilege to rebate an additional half cent per pound to all 1935 shippers across Canada as from our operating surplus for the year closing Feb. 28.

This meant a further welcome disbursement of some \$20,000 throughout Canada and which, added to the final settlement figures, will make complete net returns to local sheep owners work out at 13 1/2 to 14 cents per pound for 1935.

Best Clip in Years

"The clip of last season was the best we have handled in several years, being very bright, light shrinking and carrying much less soil and foreign matter than usual.

There is one feature in our range wools that will stand some improvement and upon which our mill friends will comment adversely, namely, the manner in which the individual fleeces are prepared and tied at shearing time. Every fleece should be rolled tightly and tied solidly with paper fleece twine, the flesh side on the outside and the rolling done from brith to neck.

1936 Clip

"As to the clip this season, its condition on the sheep's back appears to be excellent and with a minimum of dust storms between shearing and shearing, I look for another very clean, bright, light shrinking take-off, quite the equal of 1935. There may be some tender fleeces due to extreme winter conditions.

"The market looks promising, although at the moment things are quiet, with new business difficult to negotiate. The tone appears firm and confident, with trade opinion inclining towards a general scarcity of wool as the year proceeds," concluded Mr. Tisdale.

Prominent Blackfalds Farmer Passes Away

The death occurred on Tuesday last of Ephraim E. Matthias of Blackfalds, who died suddenly from apoplexy. Although he had been in ill health for some time, his sudden demise cast a gloom over the district. The night previous to his death he appeared better than usual and was up listening to the radio. Mr. Matthias was a prominent farmer in the district and had been in the province for over 40 years. He was born at Bracebridge, Ont., in 1871 and was 64 years of age. He originally homesteaded two miles north of Lacombe, on the old Kael place, later moving to Blackfalds, where he farmed for 25 years. He leaves to mourn his loss his widow, Sarah Jane; two daughters, Mrs. J. Thompson, Coronation, and Mrs. A. C. Sorenson of Longview, Wash.; also three sons, P. L. and R. R. Matthias of Blackfalds and G. E. Matthias of Killam, Alta. and five brothers still living. One brother, E. H. Matthias of Castor, is attending the funeral, which will be held on Friday from the United Church at Blackfalds, when the Rev. D. Whyte Smith of Red Deer will officiate.

Clive

CLIVE—Clarence Johnson, Gordon Green, W. E. Johnson and Gerald Conrad were Calgary visitors last week.

Born to Mr. and Mrs. C. E. Gardner, a daughter, Paul Smith, son of A. A. Smith, a former resident of Clive who left here 15 years ago to reside at Tacoma, Wash., spent the past week end here, renewing old acquaintances.

Mr. and Mrs. H. B. Scott, Mr. and Mrs. William Murdoch and daughter Vivian and Miss Nora. Young motored to Red Deer on Sunday. W. R. Johnson has purchased a new filler combine.

Mr. and Mrs. A. Heald, Mr. C. E. Gardner and children were Alib visitors on Sunday.

Miss Marjorie Williams returned home after spending a few weeks visiting at Trail, B.C.

Mr. and Mrs. R. H. Haskins, Mr. and Mrs. R. N. Longstreet and daughter Norma and David Spink attended the I.O.O.F. anniversary service at Lacombe on Sunday.

The Grose brothers shipped a car of cattle last week. The W.C.T.U. met at the home of Mrs. T. A. Brecken on Thursday last.

We again have the new Console Kitchen Cabinet by Kuehnel, as well as the new Dinette Suite at The Lacombe Furniture Store. Adv.

The Churches

THE CHURCH OF ENGLAND IN CANADA

Diocese of Calgary
St. Cyprian's Church, Lacombe
Incumbent: The Rev. T. H. Chapman.
Licensed Lay Readers: E. H. Jones, K.C. and A. T. Inskip.

Organist: Miss Alice Inskip.
May 3—3rd Sunday after Easter.
8:30 a.m.—Holy Communion.
10:00 a.m.—Sunday School.
11:00 a.m.—Morning Prayer.
7:00 p.m.—Confirmation Candidates.

7:30 p.m.—Evening Prayer.
A regular meeting of the Vestry will be held immediately after the evening service.

The Bishop is expected to be here for Confirmation on Monday, June 15th.
St. John's Church, Clive—11:00 a.m. Holy Co. munion.

ST. ANDREW'S UNITED CHURCH

Rev. R. B. Layton, B.A., B.D., Minister

Services at 11:00 a.m. and 7:30 p.m.
Sunday School—11:00 a.m.

The attendance at Sunday School is still increasing but there is room for still more, and parents are again asked to co-operate with the staff in putting the school on a higher standing.

The services on Sunday will be taken by Rev. John A. Caldwell, B.A., B.D., late of Erskine Church, Edmonton. Mr. Caldwell is an able preacher and will be heard with interest.

Mr. Layton left this week for Toronto to attend a meeting of the Presidents of Conferences of the United Church in Canada.

A special program is being prepared for May 10th, Mothers' Day, in which the Young Ladies Auxiliary will have full charge. There will be a Baptismal Service also.

The Ladies' Guild will meet at the home of Mrs. Jesse Fraser on Wednesday afternoon at 3 o'clock.

BAPTIST CHURCH, LACOMBE

Rev. S. J. Waterman, Minister

11:00 a.m.—Sunday School.
